Subject: RE: FICO v. Federal -- Third Party Production

CAUTION - External.

Michael,

The Oracle production was received on Friday, March 29 around 6:30 p.m., but did not include a link to download the documents. We followed up with Oracle's counsel to obtain a link yesterday, but did not receive a response until around 2 p.m. The production was processed and downloaded late yesterday afternoon. We will produce a link to the production by EOD.

In addition, there are two small productions (consisting only of the licensing agreements and settlement agreements) from Xerox and Dell. The link to these documents will also be produced by EOD, which only includes documents that FICO has already produced.

Thanks,

Christopher D. Pham

Subject: FICO v. Federal -- Third Party Production

Chris,

It has come to our attention that Federal is in receipt of a significant document production from third party Oracle America Inc. made pursuant to Federal's subpoena of February 22, 2019. It appears from our records that FICO has not received any production from Oracle. Please produce all Oracle productions to FICO immediately, provide the date on which Federal received those productions, and explain any unreasonable delay in producing these documents to FICO.

Furthermore, please confirm that Federal is not in possession of any other third party production received in response to a subpoena in this case that it has not produced to FICO. FICO reserves its rights with respect to Federal's failure to provide any such productions to FICO.

Regards,
Michael
